

Suprobox Military Cases - Cooperation Proposal

I am representing Suprobox brand of transport and storage cases widely used in military environment for transportation, storage and in field use from small to large missiles as well as part of IT and communication integrated systems (rack cases) and variety of rifles. We have supplied number of subcontractors in defense industry as well as armies all around the world.

We are looking for business partners and customers worldwide and we would like you to consider cooperating with us. Please have a look at some general information on our standard products here below; bear in mind we are also able to provide custom cases solutions.

Suprobox cases guarantee extra protection from impacts, shocks, water and chemical agents and meet the regulations for the following standards:

- IP67: ingress protection standard – watertightness and hermetic behaviour.
- MIL-STD: standardization objectives by the U.S. Department of Defense
- ATA300: international standard for boxes complying with air transport regulations.
- STANAG 480

All the cases are produced in Turkey following high quality standards and we guarantee Limited Life Time Warranty.

Main points of difference with our competitors:

- On service side, we're quite an unique Company because we provide a full service of customization providing solutions for small quantities. Customization includes custom inlays, colors, printing, adhesive, lid organizers, shell customizations (for eg. holes for connectors) and many more.
- Price point is more attractive compare to other main manufacturers.

I believe our offer meets your needs and interests. Product catalogue is available to download under the link: <https://suprobox.com/en/download>

I am looking forward to hear from you soon.

Saygılarımla/Best Regards

Mrs.Yağmur ARDIÇER
